**Shane Reid and Jeni Reid Join Winning Technologies;
Will Serve as General Managing Partners for Gulf Coast**

ST. LOUIS, MO – July 31, 2006 – Winning Technologies, a nationwide information technology consulting firm with headquarters in O’Fallon (St. Louis) MO., announced Shane Reid and Jeni Reid have joined the firm as General Managing Partners and will be charge of Winning’s Gulf Coast operations. The Reids will be based in the Houston area in Texas City, TX.

“Shane and Jeni both have extensive experience in the technology arena,” said Scott Lewis, President of Winning Technologies. “They are a great team and will help us greatly as we continue with our national expansion.”

Winning Technologies employs professionals who are experts in Information Technology. Serving the construction, healthcare, hospitality and other industries, they are skilled at identifying opportunities to maximize internal capabilities while enhancing a company’s bottom line. They help guide companies to the cutting edge technology solutions that best meet their business objectives. Their solutions help organizations maximize return on investment, streamline work processes and improve profitability. In addition to St. Louis and Houston, the firm maintains offices in Atlanta, Buffalo, Detroit, Las Vegas, Phoenix, Tampa, Wichita and several cities in California.
